

Karran quartz sinks are manufactured from durable quartz composite material that makes them incredibly tough and resilient to even the toughest daily kitchen tasks. They contain 80% natural quartz crystals and 20% high performance acrylic resins. These materials provide high scratch, stain, chip and heat resistance. This stylish undermount design is available in a selection of 6 elegant color choices.

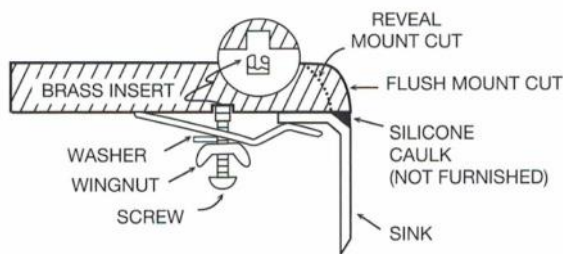

Sinks are listed with IAPMO and meet the requirements of the Uniform Plumbing Code, International Plumbing Code and the National Plumbing Code of Canada.
